WELCOME FROM THE LOA PRESIDENT

The Louisiana Orthopaedic Association Board welcomes you to our Annual Meeting in New Orleans. We are excited about the great meeting planned by and for our members from around the state. The Sheraton New Orleans Hotel on world famous Canal Street will host the meeting on March 1-2, 2013. Registration for the meeting, social events and hotel is conveniently available at www.louisianaortho.org.

The scientific program will start on Friday, March 1 with an all-day program followed by a half-day program on Saturday, March 2. This year we are fortunate to have two presidential speakers that include Dr. Lee H. Riley III, Chief of the Spine Surgery Division at the Johns Hopkins Hospital in Baltimore, MD, as well as Dr. Louis Kwong, Professor and Interim Chairman and Chief of the Arthritis Service at Harbor-UCLA Medical Center. There will also be 20 podium presentations, four resident papers in the Resident Competition and six clinical symposia.

New to the meeting this year will be two risk management lectures by LAMMICO. The first lecture will be right after lunch on Friday and the second will be during breakfast on Saturday. All LOA members who are policyholders who attend both sessions will receive a 15% discount from LAMMICO.

For the second year in a row, we will host a meeting of the American Association of Orthopaedic Executives. This is an exciting session for our business managers that will run concurrently with our meeting on Saturday morning. This is also a great opportunity for the managers to exchange ideas in an educational setting.

The Presidential Reception will be held at the Sheraton with the exhibitors following the Friday program from 5:30-7:00 pm. Light hors d’oeuvres with a selection of beer and wine will be served. This will allow you to dine out with your friends at your favorite local restaurant.

The LOA has a group room block at a discounted rate of $219 for a single or double room, $249 for a club room. Please book your reservation now as it promises to be an outstanding and informative meeting. Rooms and rates are subject to change and availability.

Due to the location of the Sheraton on Canal Street it is conveniently located to many attractions. The French Quarter is only a few steps away and you are within walking distance of fabulous live music and unmatched cuisine. Other nearby attractions include the world famous National D-Day Museum and World War II Museum. For the kids, there is the Aquarium of the Americas, Louisiana Children’s Museum, Audubon Zoo and Insectarium as well as Mardi Gras World. For those who enjoy shopping, Canal Place, Riverwalk, Jackson Brewery and the French Market are nearby along with great antique shops on Royal Street.

Dr. Fernando Sanchez has again graciously agreed to host the LOA golf outing. This will take place at English Turn Golf and Country Club, the venue for several previous PGA tournaments. It is a challenging layout so please take advantage of this opportunity. The golf event will take place on Thursday, February 28 with lunch at noon and a 1:00 pm shotgun start. You can sign up for this as part of your online meeting registration.

The Board and I look forward to seeing you at the meeting!

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Academy of Orthopaedic Surgeons and the Louisiana Orthopaedic Association. The American Academy of Orthopaedic Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

The American Academy of Orthopaedic Surgeons designates this live activity for a maximum of 13 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### PROGRAM OBJECTIVES

The purpose and objective of the LOA meeting is to provide a wide perspective on the broad ranges of orthopaedic knowledge and surgical practice, and increase knowledge in the fundamentals of orthopaedic surgery in basic and clinical science and orthopaedic specialty areas in order to implement more effective strategies for the prevention of musculoskeletal disease. The LOA meeting also provides an opportunity to strengthen professional relationships.

The learning experience in this activity will promote education in orthopaedic care, support a forum for discussion of current issues in orthopaedics, provide instructions on procedures related to patient management, patient health, physician performance and outcomes, and provide education and information related to the Maintenance of Certification of the American Board of Orthopaedic Surgery. It also will provide education in advocacy issues related to orthopaedics, promote patient safety, and provide an opportunity to discuss and debate in a case based learning environment.

As a result of participating in the LOA meeting activity, the participant will learn a practical, evidence-based rationale by which to improve their practice of orthopaedic surgery. Participants attending the entire meeting will gain experience in the application of current techniques, procedures and research to their individual practice. Participants will learn to use the latest technology and equipment available for patient care, and ways to integrate basic science and translational research into clinical decision-making.
LOUISIANA ORTHOPAEDIC ASSOCIATION
GOLF OUTING
Thursday, February 28, 2013
English Turn Golf and Country Club
12:00 Noon Lunch / 1:00 pm Shotgun

Players to provide own transportation. Allow 15 minutes from the Sheraton New Orleans Hotel to English Turn Golf and Country Club, 1 Clubhouse Dr., New Orleans, LA 70131, Phone (504) 392-2200.

About the Course:
The English Turn Golf and Country Club is an award winning Par 72 Championship Golf Course designed by Jack Nicklaus. Jack Nicklaus created eighteen unique, championship holes surrounded by an expansive waterway. At English Turn each hole is different. There are no architectural cookie cutters here, and no holes designed merely to divide residential areas. The greens are notoriously undulating, challenging yet fair for the club member and pros alike. The famed 18th of English Turn was consistently rated one of the most challenging on the PGA Tour.

From the moment you step foot into the newly expanded lobby, you’ll feel a welcome unlike any other. Stay connected with the lobby “connection destination,” the Link@Sheraton, featuring Free Wi-Fi, ethernet data ports, internet workstations, printing with PrintMe.com, newspapers, communal lounge area, light food and beverages available for purchase.

**Location, Location, Location**
New Orleans is known for unforgettable dining, intoxicating live music, Old World charm and good time living and Sheraton New Orleans Hotel is at the heart of it all. Connect with the sights, sounds and flavors, and let the good times roll.

**Work, Relax, Connect**
Sample regional cuisine at Roux Bistro or enjoy a cocktail at the enchanting Pelican Bar. Then stop by the state-of-the-art fitness center or outdoor pool. Also offered is a business center and 105,700 sq. ft. with a total of 53 rooms of flexible meeting space. There are 1,110 non-smoking guest rooms, including 53 suites, reflecting New Orleans charm and many have views of the Mississippi River or French Quarter. The warm décor is anchored by the supremely comfortable Sheraton Sweet Sleeper™ Bed and accented in inviting hues.
